Dear Colleagues,

We are pleased to announce the 3rd Annual Italian Experience in Biomedical Research: Young Minds at Work, which will take place in Desenzano del Garda (BS) on the 23rd and 24th of October, 2015. This conference is open to young scientists from across all biomedical disciplines involved in innovative research (PhD students, postgraduates, Post-Doctoral Scientists, etc.). This meeting presents a unique opportunity for young scientists and researchers to gain exposure and visibility, while exchanging knowledge and fostering meaningful interactions that may facilitate future projects and collaborations. Furthermore, this experience may potentially inspire the development of new programs such as the integration of PhD and Specialization programs, the establishment of nationwide standards, and additional European funding.

In keeping with the tradition established in the first and second Edition of this meeting, students play a fundamental role in both the organization of the conference and its scientific content. Once again, the meeting will be conducted exclusively in English for both oral and written communication. Each interested participant must submit an English Abstract (300 words maximum) with the following format: Title, Affiliation, Background, Methods, Results, Conclusion. A committee will review submitted abstracts and select those to be presented. Each presentation will be limited to 15 minutes, with 5 minutes for questions. Each presentation will be evaluated and the top three presentations will be selected for recognition. Registration is free, however, the conference will host a maximum of 100 participants. The registration will include access to the presentations as well as coffee breaks, and lunch for the 24th of October. All additional costs (Hotels bookings etc.) will be at the expense of the participants. There are affordable hotels available near the Congress Center, and we will soon provide a list with respective prices. The deadline for both conference registration and abstract submissions is October 2nd, 2015, and must be submitted via mail to: elisabetta.rossi01@gmail.com.

We look forward to receiving submissions from across all biomedical research divisions from young research scientists in your programs and departments. Please feel free to share this invitation with anyone who might be interested in attending. Your participation in this conference is important to us, and we hope to meet you in Desenzano del Garda!

Kind regards,

Prof. Araldo Caruso
Prof. Massimo Clementi
Prof. Giorgio Palù

3rd Italian experience in biomedical research: young minds at work
Desenzano del Garda (BS) • Park Hotel • 23-24 ottobre 2015

SEDE
PARK HOTEL****
Lungolago C. Battisti 17 - 25015 Desenzano del Garda (Brescia) - Italia
